INDEX TO BILLS

The following index includes all except Private Bills, listed in alphabetical order, with the Bill's number following the title. All stages of each Bill are indicated, but as many of them were not debated at all stages, an asterisk indicates those at which any discussion took place.

Acts amended by the Statute Law Amendment Act and the School Law Amendment Act are included in the list, but a Hansard reference is given only if that particular Act came up for discussion.

<u>Title</u>	<u>Date</u>	<u>Page</u>
Adoption Act (Statute Law Am. Act)(145)

INDEX TO MAIN DEBATES

The following is an index to the debates on the Throne Speech, the Budget and Estimates. A condensed index gives the date and page number of each speech in the two debates, and of each departmental estimate. This is followed by a detailed index showing subjects under discussion.

Throne Speech and Budget Debates

The letter (T) or (B) indicates in which debate a speech was made.

<u>Speaker</u>	<u>Date</u>	<u>Page</u>	<u>Speaker</u>	<u>Date</u>	<u>Page</u>
Baxter (T)	M. 10	C-16	Macphail (T)	M. 1	D-6

Figure 1 illustrates the experimental setup. A participant is seated at a table, looking at a video screen. The screen shows a target (a small circle) and a starting position (a larger circle). A horizontal line indicates the distance between the starting position and the target. The participant's hand is positioned at the starting position. The video screen is connected to a computer system.

: DTSC

[illegible]

Figure 1 is a schematic representation of the experimental design. It shows a sequence of events: 'Pretest' (with 'Pretest' and 'Posttest' labels), 'Training' (with 'Training' and 'Posttest' labels), and 'Transfer' (with 'Transfer' and 'Posttest' labels). Each phase includes a 'Pretest' and a 'Posttest' measurement. The 'Transfer' phase is divided into 'Transfer' and 'Posttest' sub-phases. The 'Posttest' label is repeated for each phase.

Figure 1: A 4x12 grid of 48 small images showing the development of a chick embryo from fertilization to hatching. The images are arranged in four rows and twelve columns. Row 1 shows the initial stages of fertilization and cleavage. Row 2 shows the formation of the blastoderm and the appearance of the yolk. Row 3 shows the development of the embryo, including the formation of the head, tail, and wing buds. Row 4 shows the final stages of development, including the formation of the beak and the hatching of the chick. The images are labeled with numbers 1 through 48.

1. The first group of students (Group A) was assigned to the traditional lecture method. They received a 10-minute lecture on the topic of "The Role of the Teacher in the Classroom."

2. The second group of students (Group B) was assigned to the interactive method. They participated in a 10-minute interactive activity where they discussed the same topic in small groups.

3. The third group of students (Group C) was assigned to the self-paced method. They used a self-paced learning module to explore the topic at their own pace.

4. The fourth group of students (Group D) was assigned to the blended method. They received a 5-minute lecture followed by a 5-minute interactive activity.

5. The fifth group of students (Group E) was assigned to the flipped classroom method. They watched a 10-minute video lecture at home and then participated in a 10-minute interactive activity in class.

6. The sixth group of students (Group F) was assigned to the personalized method. They used a personalized learning platform to explore the topic at their own pace.

7. The seventh group of students (Group G) was assigned to the adaptive method. They used an adaptive learning system that adjusted the content based on their performance.

8. The eighth group of students (Group H) was assigned to the hybrid method. They received a 5-minute lecture followed by a 5-minute self-paced learning module.

9. The ninth group of students (Group I) was assigned to the mixed method. They received a 5-minute lecture followed by a 5-minute interactive activity and a 5-minute self-paced learning module.

10. The tenth group of students (Group J) was assigned to the customized method. They used a customized learning platform that tailored the content to their individual needs.
